TCU High School Investor Challenge Program for Rising Seniors, April 8 deadline

<http://site.eng.ua.edu/>

The University of Alabama College of Engineering will host two weeklong residential programs for rising high-school juniors and seniors who have an interest in science, mathematics, and engineering on July 8-13, and July 16 - 20, 2007.

The overall purpose of SITE is to provide students with an overview and appreciation for coursework and activities that will lead students to eventually enroll in an engineering major or related science, mathematics, technology curriculum. UA SITE students will live in a UA residence hall.
